## A Word from the Mayor

Dear fellow citizens,

We are all concerned by the current dramatic situation that our friends in Ukraine are suffering.

I hardly dare to rejoice in our health situation which seems to be moving in the right direction and we are allowing ourselves to consider holding our traditional meal for our Senior Citizens, in June, a date to be specified later.

It is important today to stand together and hope for better days to come.

## Practical information

# Ma Maison A'Venir

Des idées pour bien vieillir chez Moi !

The figures have been confirmed, nearly one in three elderly people fall victim to a fall at home and our community is no exception to the rule! Home support for people is for us a real issue, which is why we are going to carry out an awareness campaign involving the ReSanté-Vous professionals.

An occupational therapist and a prevention officer will be present to introduce you to the multitude of devices that exist today to help you on a daily basis, in your home. You can discover there "tips and tricks" for everyday life and try out small practical objects such as an electronic jar opener, a practical phone and tablet or even a stocking aid and a booster seat.

This practical session is completely free. We therefore invite you to come in large numbers, whether you are "old" or not, an individual, a carer or a professional, we invite you to participate in this session free.

For any information, do not hesitate to contact the Town Hall during the usual opening hours. Of course if you cannot be present, and have questions about the layout of your accommodation, you can always contact ReSanté-Vous on 05 49 52 24 17. Find all the dates but also photos and videos on:
